

Wednesday 20th May 2026

08.00-08.30	Registration		13.00-14.30	Session III: TAAA/PDTAAA	
08.30-10.00	Session I: Hostile neck			Moderator: Boonprasit Kritpracha	
	Moderator: Boonprasit Kritpracha			Panelist: Jean Panneton, Timothy Resch, Supachai Chanvitan, Ismazizi Zaharudin, Khamin Chinsakchai	
	Panelist: Jean Panneton, Veera Suwanruangsri, Khamin Chinsakchai, Apinan Uthaipaisanwong, Benjamin Leong		13.00-13.20	Lecture: Antegrade in situ laser fenestration of visceral branches for TAAA and Pararenal AAA repair	
08.30-08.40	Open ceremony	Boonprasit Kritpracha		Jean Panneton	
08.40-08.55	Lecture: Endovascular options for hostile neck: advantages and limitations of each		13.20-13.50	Live case 2: Complex EVAR	PSU Team
	Jean Panneton		13.50-14.10	Case 5: TAAA repair	Nattawadee Wiangphoem
08.55-09.15	Case 1: Chimney EVAR from Vietnam	Le Xuan Than	14.10-14.30	Case 6: PDTAAA repair	Chayatorn Chansakaow
09.15-09.45	Live case 1: Complex EVAR	PSU Team	14.30-14.45	Coffee break	
09.45-10.00	Case 2: Angulated neck	Pitikorn Srianakkawanich	14.45-15.00	Live case 2: Complex EVAR	PSU Team
10.00-10.30	Coffee break		15.00-16.30	Session IV: Modern Strategy for Complex Femoropopliteal Disease	
10.30-12.00	Session II: Complex aortic aneurysm			Moderator : Sorracha Rookkapan	
	Moderator: Boonprasit kritpracha			Panelist: Su Hong Kim, Pong Juntarapatin, Jaroen Cheewinmethasiri, Suthas Horsirimanont	
	Panelist: Timothy Resch, Kiattisak Hongku, Supachai Chanvitan, Supatcha Prasertcharoensuk, Benjamin Leong		15.00-15.20	Lecture: When and how apply atherectomy devices in femoropopliteal lesions	Su Hong Kim
10.30-10.45	Lecture: Endovascular options for complex EVAR (F/BEVAR/PMEGs) : advantages and limitation of each		15.20-15.40	Case 7: Complex femoropopliteal disease	Veera Suwanruangsri
	Timothy Resch		15.40-16.00	Case 8: CLTI with Multilevel Disease	Pitikorn Srianakkawanich
10.45-11.05	Case 3: Complex EVAR from Malaysia	Ismazizi Zaharudin	16.00-16.20	Case 9: Femoropopliteal ISR/ISO, how I do it?	Surasit Akkakrisee
11.05-11.20	Lecture: Bridging stents for F/BEVAR : needed characteristics, and why they make a difference	Timothy Resch	16.20-16.30	Open discussion	
11.20-11.40	Live case 1: Complex EVAR	PSU Team			
11.40-12.00	Case 4: Complex EVAR	Natcha Ketklin			
12.00-13.00	Lunch				

Thursday 21st May 2026

08.00-08.30	Registration		11.30-11.50	Case 13: Calcified femoropopliteal lesions	Sorracha Rookkapan
08.30-10.00	Session I: Arch/TBAD		11.50-12.00	Open discussion	
	Moderator: Boonprasit Kritpracha		12.00-13.00	Lunch	
	Panelist: Timothy Resch, Jean Panneton, Nguyen Tuang Son, Wittawat Tantarattanapong, Veera Suwanruangsri		13.00-14.30	Session III: BTK Intervention in CLTI: When and How to Go Beyond Balloon	
08.30-08.45	Lecture: Percutaneous femoral access to supra aortic branches in Total Endo Arch repair : which patients, technical tips and results	Timothy Resch		Moderator : Pong Juntarapatin	
08.45-09.15	Live case 3: from South Korea	Suk Won Song		Panelist: Nutsiri Kittitirapong, Nattawut Puangpunngam, Thatchawit Urasuk, Wuttichai Saengprakai, Jaroen Cheewinmethasiri	
09.15-09.30	Lecture: Single branch LSA revascularization: Can be done safely, technical tips and results		13.00-13.20	Lecture: Beyond Balloon Angioplasty: Modern Strategies for BTK Revascularization in CLTI	Wuttichai Saengprakai
	Suk Won Song		13.20-13.40	Case 14: BTK stenting	Tiwa Chaisongrit
09.30-09.45	Lecture: TEVAR in Acute TBAD: Considerations, technical tips and how to minimize complications		13.40-14.00	Case 15: Advanced technique for BTK intervention 1	Nutsiri Kittitirapong
	Jean Panneton		14.00-14.20	Case 16: Advanced technique for BTK intervention 2	Nattawut Puangpunngam
09.45-10.00	Case 10: Arch aneurysm		14.20-14.30	Open discussion	
	Supong Worathanmanon		14.30-15.00	Coffee break & Booth round	
10.00-10.30	Coffee break		15.00-16.30	Session IV: Acute Limb Ischemia: Endovascular First or Still Surgery?	
10.30-12.00	Session II: IVUS-Guided Peripheral Intervention: Is Angiography Alone Enough?			Moderator : Sorracha Rookkapan	
	Moderator : Sorracha Rookkapan			Panelist: Wuttichai Saengprakai, Nattawut Puangpunngam, Thatchawit Urasuk, Saritphat Orapin, Jaroen Cheewinmethasiri	
	Panelist: Su Hong Kim, Nattawut Puangpunngam, Saritphat Orapin, Wuttichai Saengprakai		15.00-15.20	Lecture: Acute Limb Ischemia: Time for an Endovascular-First Strategy?	Thatchawit Urasuk
10.30-10.50	Lecture: IVUS application for iliac and FP artery disease		15.20-15.40	Case 17: Angiojet	Pong Juntarapatin
	Su Hong Kim		15.40-16.00	Case 18: Penumbra	Tossapol Prapassaro
10.50-11.10	Case 11: IVUS-Guided Wire Navigation in Complex Lesions		16.00-16.20	Case 19: Rotarex	Nutnicha Patrayanond
	Wacharaphong Pitaksantayothin		16.20-16.30	Open discussion	
11.10-11.30	Case 12: IVUS application for infrainguinal arterial disease		18.00-20.00	Banquet	
	Saritphat Orapin				

Friday 22nd May 2026

08.00-08.30	Registration			Moderator : Boonprasit Kritpracha	
08.30-09.00	Best e-poster presentation			Panelist: Wittawat Tantarattanapong, Kiattisak Hongku, Veera Suwanruangsri, Chaowanun Pornwaragorn, Nguyen Tung Son	
09.00-10.30	Session I: Interactive Networking Break : How to Survive and Fix Them"			PMEG TEVAR: How I do it ?	Veera Suwanruangsri, Nguyen Tung Son
	Moderator : Sorracha Rookkapan, Pong Juntarapatin			Case Discussion: Starting PMEGs TEVAR Safely: The Experience from Thailand	Virapat Chanchitsopon
	Panelist : Nattawut Puangpunngam, Saritphat Orapin, Suthas Horsirimanont			Lunch	
09.00-09.20	Case 20: AIOD interventions	Arada Kamsoontorn	12.30-13.30	Session II: all about PMEGs (continue)	
09.20-09.40	Case 21: Femoropopliteal interventions		13.30-15.00	• PMEG EVAR: How I do it ?	Chaowanun Pornwaragorn, Kiattisak Hongku
	Kittikarn Thongsongkleeb			• Case Discussion: Starting PMEGs EVAR Safely: The Experience from Thailand	Watanakitch Mutirangura
09.40-10.00	Case 22: BTK interventions	Sarrath Sutthipong			
10.00-10.30	Case 23: Multilevel disease	PSU Team			
10.30-11.00	Coffee break
